

**If the tent is in special offer, the price will be reduced manually after placing the order and sent via email by our Sales Department worker.**

A cone, diameter approx. 4 meters with a wooden folded (two parts) mast of 3 metres high with a set of steel pegs.

In our standard we use linen (about 650g/m<sup>2</sup>) with waterproof impregnation.

Available modifications:

**Windshield** - Additional 20 cm wide stripe of fabric attached to the bottom edge of the tent sheet to protect against wind and damp.

**Coloured tapes** - Coloured decorative tapes along the seams. Made of 3cm wide cotton tape.

**Hand painted tent** - Painted tent according to customer's suggestions.

The set consists of:

- wooden cone
- the fabric
- mast (consists of 2 parts)
- 7 m of linen rope (to harden the mast bindings)
- 17 pegs + 2 spare ( impregnated linen 13 pegs + 2 spare)
- sack for pins
- sack for the tent
