

A big tent with two poles made from impregnated linen (ca. 650g/m²).

On the top of the poles you can place a flag. You can split the interior of the tent by curtains (curtains for a surcharge). Construction based on guy ropes.

The set includes:

- three-part tent cotton sheet (roof, side-wall, entrance)
- 2 two-part masts of 350cm height
- 2 wooden balls that are placed on the top of the masts
- 2 small wooden poles to place flags on them
- set of pegs + 2 spares
- 2 bags for pegs
- bag for the tent
- set of metal elements that join the parts of masts
- set of wooden pegs for fastening the walls as well as mounting the guy ropes
- 2 anti-hurricanes ropes of 15m length
- set of longer guy ropes of 4m length each (fastened to the tent roof)
- set of shorter guy ropes of 1,5m length each (fastened to the tent roof).

* standard lining is machine sewn. Hand sewn is individually priced.
